

CONTRACTOR AGREEMENT

THIS CONTRACTOR AGREEMENT (the “Agreement”) is effective this 6/8/26 (the “Effective Date”) by and between **IG US HOLDINGS, INC.** on behalf of itself and its affiliates and subsidiaries (the “Company”) and **James Raitsev dba Firebrand Ventures LLC** (“Contractor”) (collectively the “Parties”). Affiliates mean all entities controlled by, controlling, or under common control with IG US Holdings, Inc.

1. Engagement. Company hereby engages Contractor, and Contractor hereby accepts the engagement, to provide certain services (“Services”), including the delivery of any Deliverables (“Deliverables”), upon the terms and conditions set forth in this Agreement.

2. Statements of Work. A description of the Services, Deliverables, the obligations of the parties in connection therewith, timing thereof, the compensation due to Contractor for provision thereof and any other mutually agreed upon terms and conditions related to the Services and Deliverables shall be provided in the **Statement of Work** signed by the parties and attached hereto, which are incorporated as part of this Agreement. The Statement of Work shall be subject to the terms and conditions set forth in this Agreement, and any inconsistency between the terms and conditions set forth in the Statement of Work and those set forth in this Agreement shall be resolved in favor of this Agreement unless otherwise expressly agreed to in writing by both parties.

3. Compensation. In consideration of Contractor's performance of its obligations hereunder and as set forth in the applicable Statement of Work, Company shall pay Contractor the fees set forth in the applicable Statement of Work. No fees shall be paid for Services or Deliverables that are not accepted by Company. Without limitation of other rights and remedies, in the event of breach or non-performance by Contractor, Company reserves the right to and shall be afforded a refund of previously paid fees for which Company does not receive value. Contractor will invoice Company as set forth in the applicable Statement of Work. All invoices shall detail the work performed and shall be accompanied by such supporting documents as may be required by Company.

4. Standards. While performing the Services under the terms of this Agreement, Contractor shall comply with the highest standards of practice and ethics and shall not engage in any conduct that is dishonest or fraudulent. Contractor shall comply with all federal, state, and local laws, statutes, ordinances, rules, regulations, codes, orders and/or programs applicable to Contractor with regard to the provision of the Services, including, without limitation, all insurance requirements. Contractor shall comply with all rules, procedures and standards promulgated from time to time by Company and provided to Contractor with regard to Contractor's conduct and

Contractor's access to and use of Company's property, equipment and facilities.

5. Acceptance. All Services and Deliverables shall be subject to acceptance by Company. Company shall review any Services or Deliverables for acceptability, including whether they conform to the applicable description of the Deliverables and Services set forth in a Statement of Work and Company's requirements as communicated to Contractor (“**Requirements**”). If Company determines that a Service or Deliverable conforms to the applicable Requirements, Company shall provide notice to Contractor of Company's “Acceptance” of the Service or Deliverable. If Company determines that the Service or Deliverable does not conform to the Requirements, Company shall give notice to Contractor of any errors or deficiencies. The notice, if any, shall specify in reasonable detail the nonconformities and the requirements for acceptance in reasonable detail sufficient to enable Contractor to analyze the deficiency in accordance with this Agreement. Contractor shall correct, rework or re-perform the Deliverable or Service so that it conforms to the Requirements and return the corrected Deliverable or Service to Company no later than fifteen (15) days (or other time period agreed upon by the Parties) after Contractor's receipt of notice of non-acceptance. This correction shall be performed by Contractor at no additional charge to Company. Upon redelivery of the Service or Deliverable to Company, Company shall review the Service or Deliverable and advise Contractor within a reasonable time period whether it conforms to the Requirements. After two (2) attempts by Contractor to correct the Service or Deliverable, if Company determines the Service or Deliverable fails to conform to the Requirements, the Service or Deliverable shall be conclusively deemed to not conform to the Requirements and Company shall be entitled, at its option, to either: (i) Accept the non-conforming Service or Deliverable, subject to reduction in the applicable charges payable, as determined by agreement of the parties, or, if the parties cannot agree to the amount of reduction within thirty (30) days after Company requests a reduction; (ii) Reject the Service or Deliverable and receive a refund of any amounts Company paid Contractor for that Service or Deliverable; or (iii) exercise its remedies under this Agreement due to a Contractor breach.

6. Warranties. Contractor warrants (i) it shall perform the Services efficiently, safely, and effectively in

a high quality, professional and workmanlike manner in accordance with accepted industry standards and the Requirements, (ii) all Services and Deliverables shall meet the Requirements, (iii) the Deliverables are not subject to any encumbrances, and (iv) it has the right and authority to enter into and perform its obligations under this Agreement, and that, in doing so, it will not violate the rights of any third parties. Contractor further warrants that the Services and Deliverables provided by Contractor (i) are original and do not, and the permitted use thereof will not, infringe upon or violate the rights of any third party, (ii) will be created by employees of Contractor within the scope of their employment and under obligation to assign all rights in the Services and Deliverables to Contractor, or by independent contractors under written obligations to assign all rights in the Services and Deliverables to Contractor, and (iii) will not contain any libelous, obscene or other matter contrary to law. Contractor shall procure to the satisfaction of Company any and all permissions, permits waivers, clearances and/or other such necessary for the free and clear delivery of the Deliverables by Contractor and the free and clear ownership thereof by Company.

7. Subcontracting. Contractor shall not subcontract or otherwise assign any of the Services to be performed under this Agreement by Contractor without the prior written consent of Company. If Contractor shall cause any part of the Services under this Agreement to be performed by a sub-Contractor or other third party with Company's consent, the provisions of this Agreement (and any other terms imposed by Company) shall apply to such sub-Contractor and his, her or its employees in all respects as if he, she or it was in the employ of Contractor, and Contractor shall be liable to Company for the work of the sub-Contractor or other third party accordingly.

8. Term and Termination. The term of this Agreement shall commence on the Effective Date and shall continue until it is terminated as provided for herein (the "Termination Date"). The period from the Effective Date until the Termination Date shall constitute the "Term" of the Agreement. The parties, by written agreement, may extend the Term, in which case the extended term shall be defined as "Term". Company may terminate this Agreement for any reason, with or without cause, by providing written notice to Contractor. Contractor may terminate this Agreement if Company materially breaches any obligation hereunder and fails to cure such breach within 30 days following written notice from Contractor. All provisions in this Agreement, which, in accordance with their terms, are intended to survive the termination of this Agreement shall survive the termination of this Agreement. Upon termination or expiration of the Agreement, Contractor shall provide any in-progress Services and Deliverables to Company within five (5) days of the date of termination or expiration.

9. Independent Contractor Relationship. Contractor is an independent contractor of Company, and this Agreement shall not be construed to create any association, partnership, joint venture, employee, or agency relationship between Company and Contractor for any purpose. Contractor has no authority (and shall not hold Contractor out as having authority) to bind Company and Contractor shall not make any agreements or representations on Company's behalf without Company's prior written consent.

Company shall not have the right to control Contractor; however, Company and Contractor mutually agree as to the objectives and the scope of Services required, as set forth in this Agreement and in the Statement of Work. Contractor shall control how to perform the Services in accordance with the Statement of Work, and using tools, equipment, materials and labor supplied by Contractor, unless otherwise provided herein. Contractor shall control where to purchase supplies and services necessary to perform the Services. Contractor shall control what order or sequence to follow when performing the Services. Company shall have an evaluation system that measures the work product resulting from the Services provided by Contractor, but shall not evaluate the details of how the work is performed. Contractor shall be generally free to seek out other business opportunities and to work for persons other than Company so long as such opportunities and work are not inconsistent with the restrictions contained in this Agreement. Contractor may advertise and maintain a visible business location. Any equipment or supplies provided by Company is solely for the convenience of Company.

Without limiting the foregoing, Contractor will not be eligible to participate in any vacation, group medical or life insurance, disability, profit sharing or retirement benefits, or any other fringe benefits or benefit plans offered by Company to its employees, and Company will not be responsible for withholding or paying any income, payroll, Social Security, or other federal, state, or local taxes, making any insurance contributions, including for unemployment or disability, or obtaining worker's compensation insurance on Contractor's behalf. Contractor shall be responsible for, and shall indemnify and hold harmless Company, its affiliates, and their respective officers, employees, representatives, and agents, for all such taxes or contributions, including penalties and interest.

10. Contractor Acknowledgments. Contractor hereby acknowledges and agrees to the following:

(a) Contractor is currently engaged by, or upon execution of this Agreement will be engaged by, Company to perform the Services for Company, either directly or through Contractor's employer.

(b) In the course of Contractor's engagement by Company, Contractor has had or will have access to the Company's Confidential Information and Trade Secrets, which constitute valuable business assets of Company.

(c) Company has invested and will continue to invest considerable effort and expense in the development of and provision of products and services and has taken steps and will continue to take steps necessary to protect the secrecy of its Confidential Information and Trade Secrets.

(d) Through Contractor's engagement with Company, Contractor will be afforded an opportunity to access the Company's Confidential Information and Trade Secrets, which are not generally available to the public.

(e) The misappropriation, unauthorized use, or disclosure of such Confidential Information and Trade Secrets would cause irreparable harm to Company.

(f) Contractor's obligations under this Agreement regarding the nondisclosure and restricted use of Confidential Information and Trade Secrets are not intended to prevent Contractor's use of skills, experience, and knowledge gained by Contractor while engaged by Company.

11. Use and Disclosure Restrictions.

(a) Contractor will treat, preserve, and maintain in strict confidence all Company Confidential Information and Trade Secrets. Except as expressly authorized in writing by Company, Contractor will not (i) disclose any Confidential Information to any person outside Company; (ii) remove from Company's premises any Confidential Information in physical, electronic, or any other form, unless doing so in the course of Contractor's engagement and with the intent of returning such to Company without making copies; (iii) use any Confidential Information for any purpose other than performing Contractor's duties as a Contractor of Company; or (iv) take any photographs, video recordings, or audio recordings of any kind while on Company's premises.

(b) Contractor's nondisclosure and confidentiality obligations set forth in this Agreement shall remain in effect (i) with respect to Trade Secrets, for so long as Company is entitled to protection of rights in such Trade Secrets under applicable law; and (ii) with respect to Confidential Information not constituting Trade Secrets, during Contractor's engagement with Company and for a period of five (5) years thereafter.

(c) Upon termination of engagement or the request of Company, Contractor will return immediately to Company all tangible incidents of and material constituting Confidential Information and any other property of Company, retaining no copies, whether or not in tangible form.

(d) Nothing in this Agreement shall be construed to prohibit Contractor from filing a whistleblower, discrimination, or other charge or claim with any governmental administrative agency; cooperating in any agency investigation; or filing any claim in court.

(e) Nothing in this Agreement shall be construed to prevent Contractor from disclosing Confidential Information as may be required by applicable law or regulation, or pursuant to the valid order of a court of competent jurisdiction or an authorized government agency; provided that the disclosure does not exceed the extent of disclosure required by such law, regulation, or order. Contractor shall provide written notice of any such order to Company within 48 hours of receiving such order, but in any event sufficiently in advance of making any disclosure to permit Company to contest the order or seek confidentiality protections, as determined in Company's sole discretion. Nothing in this Agreement limits any independent confidentiality agreement between the parties.

12. Immunity Notice. Contractor understands that, pursuant to the Defend Trade Secrets Act of 2016, Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made:

(a) in confidence to a Federal, State, or local government official, either directly or indirectly, or to an attorney; and solely for the purpose of reporting or investigating a suspected violation of law; or

(b) in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

Contractor further understands that an employee or independent contractor who is found to have wrongfully misappropriated trade secrets may be liable for, among other things, exemplary damages and attorney's fees.

13. Third Party Relationships and Information.

Contractor represents and warrants that Contractor's engagement with Company and/or execution of and performance of this Agreement will not violate or impair any of Contractor's other obligations, whether under an employment, consulting, or confidentiality agreement, or otherwise. Contractor must not use any confidential information of any other party in connection with Contractor's engagement with Company. Contractor must immediately advise Company in the event of a breach or potential breach of this provision or of the breach or potential breach of any agreement to which Contractor is a party, or is otherwise bound, which prohibits the disclosure and/or use of such confidential or proprietary information by Contractor.

14. Inventions and Creative Works.

(a) **Disclosure of Inventions.** Contractor agrees to promptly and fully disclose all Inventions that Contractor conceives, makes or first reduces to practice or creates, either alone or jointly with others, during the course of Contractor's engagement, whether or not such Inventions are patentable, copyrightable, or otherwise protected as trade secrets, with such notice to be given in writing to Company's Legal Department and any other person designated by Company to receive notice of such Inventions.

(b) **Works for Hire.** Contractor acknowledges and agrees that any copyrightable works prepared by Contractor within the scope of Contractor's engagement are considered "works for hire" under the Copyright Act and that Company will be considered the author and owner of such copyrightable works. To the extent copyrightable works prepared by Contractor do not qualify as "works for hire," or would jeopardize the independent contractor relationship under Section 6 above, Contractor agrees to assign, and hereby assigns, all Contractor's right, title, and interest in and to any copyrightable works prepared by Contractor within the scope of Contractor's engagement to Company.

(c) **Ownership of Inventions.** Contractor acknowledges and agrees that Contractor's rights, if any, to any Invention that is conceived, reduced to practice, or made by Contractor, either alone or with others, during Contractor's engagement by Company and during the 12 months immediately thereafter, either during or outside of Contractor's regular working hours, belong to Company, whether or not Company files for any Patent of the Invention. Contractor further agrees to assign, and hereby assigns, all Contractor's right, title, and interest in and to any Inventions, Copyright Works, Mask Works, and Patents to Company.

(d) **Assistance.** During Contractor's engagement by Company, Contractor agrees to execute all documents and perform all reasonable acts requested by Company for assignment, transfer of interests, preparation, procurement, prosecution, issuance, maintenance and exploitation of Inventions, Patents, Copyright Works, and Mask Works. Such obligation will continue after Contractor's engagement, provided that Company compensates Contractor at a reasonable rate for services provided after termination for such time or expenses actually spent by Contractor in providing such assistance.

(e) **No Claims.** Except as set forth in writing at the time of signing this Agreement, Contractor does not have, and will not assert or claim, any rights against Company in any existing improvements, Inventions, discoveries, Copyright Works, Mask Works, writings or Patents.

15. Covenant Not to Recruit. Contractor shall not, during the Term and for twelve (12) months thereafter, within the Territory, solicit for employment or affirmatively assist any other person, firm, partnership, association, corporation or business organization, entity or enterprise in soliciting for employment any person employed or engaged as an independent contractor by Company with which Contractor had contact during the twelve (12) months immediately preceding the Termination Date. For purposes of this provision, "Territory" shall mean a 10-mile radius surrounding the location(s) from which Contractor provided Services to Company during the last two years (if that long) of Contractor's association with Company.

16. Reasonableness; Remedies. Contractor considers the restrictions contained in this Agreement to be fair and reasonable and necessary for the protection of Company's legitimate business interests. Any violation of this Agreement will cause irreparable injury to Company and, accordingly, Company will be entitled, in addition to any other rights and remedies it may have at law or in equity, to seek an injunction enjoining and restraining Contractor from doing or planning to do any such act and any other violation or threatened violation of this Agreement. Company shall be entitled to recover from Contractor all of its costs and expenses, including reasonable attorneys' fees, incurred by it in the course of successfully enforcing this Agreement.

17. Severability; Reformation. Each term, provision, section, and subsection of this Agreement, whether or not separately numbered or alphabetized (a "Provision"), is severable, and if any such Provision is reformed or declared unenforceable for any reason, such reformation or declaration will not affect the enforceability or validity of any other Provision, all of which will remain in full force and effect. If any court of competent jurisdiction determines that any Provision is unreasonable or unenforceable for any reason, Contractor will join with Company (at Company's request) to consent to and seek the court's exercise of its equitable jurisdiction to reform such Provision.

18. Notice. Any notice or other communication required or permitted to be given under this Agreement must be in writing and will be considered to have been provided when (a) personally delivered; or (d) e-mailed.

19. Indemnification. To the fullest extent permitted by law, Contractor shall indemnify and hold harmless Company, its affiliates, and their respective officers, employees, owners, agents, and representatives from and against any and all claims, losses, demands causes of action, damages, or expenses, including without limitation, reasonable attorney fees, arising out of or resulting from performance or non-performance of the Services by Contractor, any employees or agents of

Contractor, or anyone for whose acts they may be liable, and any breach of this Agreement or applicable law, regardless of whether such claim, demand, loss, cause of action, damage or expense, is caused in part by Company. The indemnification provided herein shall survive the termination of this Agreement.

20. Limitation of Liability. In no event shall Company be liable to Contractor under this Agreement (whether in tort, strict liability, Contractor, or otherwise) for any (a) indirect, incidental, special, exemplary, or consequential damages, including damages for lost profits, even if Company has been advised of the possibility of such damages, or (b) amount that exceeds the aggregate fees paid by Company to Contractor under this Agreement. The existence of more than one claim will not enlarge or extend these limits. In no event shall Contractor assert a claim or cause of action against Company more than two (2) years after such claim or cause of action accrued.

21. Insurance Requirements. Contractor will maintain at its expense any legally required workers compensation insurance with respect to all individuals performing work assignments for Company, and such other insurance, including commercial general liability, auto liability medical and disability, as required by Company with carriers that are reasonably acceptable to Company. Contractor will provide certificates of insurance for such policies before any individuals perform work for Company and upon each policy renewal during the term of this Agreement. Contractor will give Company thirty (30) days prior written notice of cancellation of any such policies or evidence of ongoing coverage. Contractor will pay all policy deductibles and self-insured retentions. Contractor's maintenance of or failure to maintain this insurance will not limit in any way Contractor's liability to Company.

22. Definitions. The following terms have the meanings set forth below when used in this Agreement, whether in the singular or plural form.

(a) **"Confidential Information"** means all information not generally known to the public, in spoken, printed, electronic, or any other form or medium, relating directly or indirectly to: business processes, practices, methods, policies, plans, publications, documents, research, operations, services, strategies, techniques, agreements, contracts, terms of agreements, transactions, potential transactions, negotiations, pending negotiations, know-how, Trade Secrets (defined below), computer programs, computer software, applications, operating systems, software design, web design, work-in-process, databases, vendor information, financial information, results, accounting information, payroll information, staffing information, personnel information, employee lists, supplier lists, vendor lists, , or of any other person or entity that has entrusted information to Company in

confidence. Confidential Information specifically includes personal and medical information about or related to all IG Group employees, as well as information owned by IG Group's companies, organizations or other entities ("Affiliates").

Confidential Information shall not include any information that (i) is already in the public domain at the time of disclosure or later becomes available to the public through no breach of this Agreement; (ii) is lawfully in Contractor's possession, without an obligation of confidentiality, prior to receipt hereunder; (iii) is received independently by Contractor from a third party who was free to lawfully disclose such information to Contractor; or (iv) is independently developed by Contractor without the use of Confidential Information, as evidenced by written records.

(b) **"Copyright Works"** means those materials for which copyright protection may be obtained, including the following: literary works, computer programs, artistic works (including designs, graphs, drawings, blueprints and other works), recordings, photographs, slides, motion pictures, and audio-visual works.

(c) **"Inventions"** means (i) all ideas, inventions, discoveries and writings, whether or not patentable, copyrightable, or registerable under the Semiconductor Chip Protection Act of 1984 as a Mask Work that relate to any art, method, process, writing, sound recording, video recording, photograph, machine, equipment, manufacture, product, design or composition of matter, device, system, computer program, or commercial or business method of any kind; and (ii) any improvements thereof, which, at any time during the period of Contractor's engagement by Company, relate in any way to any of Company's businesses, or to the machinery, methods, processes, and tools used in any of such businesses.

(d) **"Mask Works"** means a series of related images, however fixed or encoded, having or representing a predetermined, three dimensional pattern of metallic, insulating or semiconductor material present or removed from the layers of a semiconductor chip product; and in which series the relation of the images to one another is that each image has the pattern of the surface of one form of the semiconductor chip product and is fixed in a semiconductor chip product.

(e) **"Patent"** includes any patent application relating to any Inventions that may be filed in the United States or any foreign country; any divisions, continuations, continuations-in-part, or substitute applications, any Letters Patent (utility, design or otherwise) that may issue in the United States or any foreign country from any of those applications; and any reissue or renewal Letters Patent based on any of those Letters Patent.

(f) "**Trade Secrets**" means all information constituting "trade secrets" under the federal Defend Trade Secrets Act of 2016 and/or any other applicable trade secrets laws.

23. Miscellaneous.

(a) **Entire Agreement.** This Agreement constitutes the entire agreement between the parties relating to its subject matter. It supersedes any other agreement between the parties relating to its subject matter. It does not alter, affect, or set forth in any way the terms of a contractual relationship between the parties relating to a subject matter not set forth herein.

(b) **Amendments.** No amendment or modification of this Agreement will be valid or binding upon Company, unless made in writing and signed by an authorized Company officer, or upon Contractor, unless made in writing and signed by Contractor.

(c) **Assignment.** Contractor may not assign this Agreement without the prior written consent of Company. Company may assign this Agreement, in whole or in part, to one or more of its subsidiaries or other affiliates without Contractor's consent and, in such event, Contractor will remain fully obligated to perform all duties under this Agreement.

(d) **Successors.** This Agreement shall inure to the benefit of and be binding upon any successor in interest of Company, whether by merger, consolidation, transfer of all or substantially all of Company's assets, or otherwise.

(e) **Governing Law, Jurisdiction and Venue.** This Agreement will be construed, interpreted, and enforced in accordance with the laws of the State of Illinois without regard to choice of law principles. Contractor hereby agrees that any action or proceeding that Contractor brings arising from or related to this Agreement shall be brought only in the federal or state courts located in Illinois. Contractor also hereby irrevocably submits to the jurisdiction of such courts and waives the defense of inconvenient forum to the maintenance of any action or proceeding brought by Company to enforce this Agreement in such venue.

(f) **Mediation.** With the exception of Contractor's threatened or actual violation of the restrictive covenants contained in this Agreement (in which case the Company may seek injunctive relief and damages in a Court without first mediating), prior to any lawsuit, action, or demand for arbitration being filed by Contractor or Company, the parties agree to enter into a bona fide mediation program prior to filing such lawsuit. The mediation program shall be paid in half by Contractor and in half by Company. The party intending to file or demand arbitration shall provide written notice to the other party as provided in this Agreement, and state its intention to enter into a mediation program. Failure by the party intending to file or demand

arbitration to provide notice of an intention to enter into a mediation program, satisfy the obligations in this Section, or participate in a mediation prior to filing of an arbitration shall serve as an unconditional waiver and release of any claims that may exist. Such an unconditional waiver and release shall serve as an unconditional waiver and release of any and all disputes relating to this Agreement in any way, shape, or form, and shall explicitly include an unconditional waiver and release for all persons or entities, whether such person or entity is a party to this Agreement or not, and shall explicitly include any person's members, officers, directors, employees, contractors, and agents. Solely by way of example, if Contractor fails to comply with this mediation section prior to initiating a lawsuit or arbitration, Contractor would not only waive any and all claims against Company, but also against the Company's affiliates.

(g) **Arbitration.** If the Parties are unable to successfully resolve their dispute through mediation, the Parties agree that any covered claim, dispute, and/or controversy that either may have against the other arising from, relating to, or having any relationship or connection whatsoever with Contractor's association with the Company or its Affiliates shall be submitted exclusively to and determined exclusively by binding arbitration under the Federal Arbitration Act, 9 U.S.C. § 1 et seq., and that all such claims must be brought in one arbitration proceeding, and that the arbitrator has no authority to and shall not consolidate claims of different individuals or entities into one proceeding, nor shall the arbitrator have the power to hear an arbitration as a class or collective action (a class or collective action involves an arbitration or lawsuit where representative members of a group who claim to share a common interest seek class or collective relief), and Contractor shall not be allowed to submit its claim(s) against the Company to arbitration as a representative of or participant to a class or collective action or a claim seeking class or collective relief. The Parties further agree that the enforceability of this provision shall be decided by a court, not an arbitrator, that arbitration may be administered by Judicial Arbitration & Mediation Services ("JAMS"), the American Arbitration Association ("AAA") or any other arbitration body or entity to which the parties may agree, and that arbitration must be initiated in accordance with the time limits contained in the applicable law's statute of limitations. The Parties shall maintain the confidential nature of the arbitration proceedings and the award, including the hearing, except as may be necessary in connection with a court application for a preliminary remedy, a judicial challenge to an award or its enforcement, or unless otherwise required by law. The prevailing party at arbitration shall recover all such costs, including reasonable attorney fees and the costs of arbitration. This provision may be modified, in whole or

in part, or terminated by Company only after Company provides at least 30 days' written notice of such modification or termination to Contractor, and only with respect to claims submitted under this provision which are received after the Effective Date of such modification or termination. The agreement in effect at the time a claim is received by the Company shall govern the process by which the claim is determined.

(h) **Use by Affiliates.** All rights, benefits, entitlements, Services and Deliverables granted,

performed or delivered to Company under this Agreement may be freely enjoyed, used and exercised by all of the Company's Affiliates without additional compensation to Contractor.

(i) **Execution of Agreement.** This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same Agreement.

IN WITNESS WHEREOF, Company and Contractor have executed and delivered this Agreement and intend to be bound on the Effective Date.

STATEMENT OF WORK FOR CONTRACTOR AGREEMENT

SCOPE OF WORK:

First 90 Days

This scope of work covers an initial 90-day operating assessment across Engineering, and. The work is intended to build a clear, fact-based understanding of how the organization currently sets priorities, makes decisions, delivers work, manages reliability, and translates strategy into shipped outcomes.

The assessment will combine document review, leadership interviews, team observation, delivery and incident analysis, and direct engagement with engineering teams, including time with the Poland team if needed. The output will be a practical operating diagnosis and a year-end implementation roadmap covering feasibility, sequencing, ownership, dependencies, and execution risks.

Days 1 to 30: Baseline Assessment

Build a fact-based baseline of how work currently flows across, Engineering,

Primary activities include:

- Map how priorities are set, approved, sequenced, and communicated.
- Review how decisions are made, who owns them, and where decision rights are unclear.
- Assess how work moves from strategy to roadmap, execution, release, and measurement.
- Identify where handoffs, dependencies, approval layers, or unclear ownership slow delivery.
- Review the product delivery lifecycle, technology leadership structure, engineering practices, execution KPIs, incident history, platform reliability, team capacity, and current delivery commitments.
- Identify early signals of strength, friction, duplication, execution risk, delivery bottlenecks, and organizational misalignment.

Expected outputs:

- Current state operating map.
- Initial risk and friction assessment.
- Early observations on leadership, delivery, reliability, and ownership.
- Priority areas for deeper review in days 31 to 60.

Days 31 to 60: Deep Operating Assessment

Deepen the assessment across Engineering, to understand how strategy becomes shipped work.

Primary activities include:

- Evaluate how strategic priorities translate into product decisions, engineering work, delivery plans, and measurable outcomes.
- Assess where accountability is clear, where it is fragmented, and where teams depend on informal escalation.
- Review how tradeoffs are made across speed, quality, reliability, customer impact, and business value.
- Assess delivery quality, release discipline, incident response, platform resilience, and operational rigor.
- Spend time with the engineering team in Poland (upon client's requirement) to assess working norms, communication patterns, leadership depth, cultural dynamics, technical constraints, and sources of alignment or friction with the broader organization.
- Compare stated operating model against actual day to day execution.

Expected outputs:

- Deeper operating assessment across Engineering, and
- Findings on delivery discipline, reliability, leadership depth, and cross functional alignment.
- Assessment of Poland engineering team integration, strengths, constraints, and operating needs.
- Initial recommendations and areas requiring executive alignment.

Days 61 to 90: Diagnosis and Recommendations

Synthesize findings into a clear operating diagnosis and practical improvement plan.

Primary activities include:

- Identify root causes behind delivery inconsistency, reliability gaps, leadership capability issues, organizational fragmentation, and weak execution discipline.
- Clarify where operating model changes, leadership changes, process changes, or technology investments are required.

- Define recommendations across platform reliability, technology operating model, and engineering alignment, organizational design, decision rights, execution cadence, and KPI structure.
- Prioritize recommendations by business impact, delivery risk, urgency, and implementation complexity.
- Align findings with executive leadership and convert recommendations into a practical execution path.

Expected outputs:

- Final operating diagnosis.
- Proposed technology opportunities and changes from the current model.
- Recommended decision rights and execution cadence
- Clear implementation roadmap through year end, including sequencing, feasibility, dependencies, and resource requirements.

One-On Meeting

Contractor (consultant) will have a 1:1 with Michael Vaughan, the CEO of Company, to further align on deliverables and expectations closer to Effective Date.

TIMELINE FOR SERVICES:

All Services shall be performed from the Effective Date through September 8, 2026, or the time period necessary for the completion of the Services and Deliverables to Company’s satisfaction if longer (the “**Termination Date**” and from the Effective Date the “**Term**”).

COMPENSATION:

Pursuant to Section 3 of the Agreement, the Company shall pay Contractor for the Services and Deliverables performed as set forth in this Statement of Work (SOW):

- **Daily billable rate: \$2,600 USD**
- **tastytrade will cover flights, meals, transportation, and hotel when Contractor is onsite in Chicago, which shall be incurred in accordance with the Company’s policies for employee travel expenses or if not in accordance with such policies, approved in writing in advance by Company.**

Contractor shall invoice the Company for the above completed work, and the Company shall pay the Contractor within thirty (30) days of invoice receipt.

EXPENSES:

For clarity, Contractor shall be responsible for all expenses associated with any sub-Contractor or other third party engaged by Contractor to perform Services under this Statement of Work. The parties indicate their acceptance to this Statement of Work for the Contractor Agreement by signing where indicated below.

EXHIBIT B

Declaration of Independent Business Status ("Contractor")

In connection with the services performed for IG US Holdings, Inc. (the "Company") under this Agreement, Contractor states and declares the following:

- a. Contractor acknowledges that Contractor operates the Contractor's own independent business and is providing services as an independent contractor;
- b. Contractor acknowledges that Contractor will keep its own books and records;
- c. Contractor acknowledges that Contractor is not an employee of the Company and the services rendered under this Agreement do not establish any right to unemployment benefits or any other right arising from an employment relationship;
- d.
